WALTHAM

WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these timekeepers.

More than 450 000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch, merely pay from 25 to 30 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces contain every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skillful artisans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mention d improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

American Watch Co.,	Waltham, Mass.
Amn. Watch Co.	Waltham, Mass.
American Watch Co., Crescent St.,	Waltham, Mass.
Appleton, Tracy & Co.,	Waltham, Mass.
Waltham Watch Co.,	Waltham, Mass.
P. S. Bartlett,	Waltham, Mass.
Wm. Ellery,	Waltham, Mass.
Home Watch Co.,	Boston, Mass.

For sale at retail by all respectable dealers.

A descriptive circular giving much useful information sent to any address on application.

No watches retailed by the Company.

ROBBINS & APPLETON,

Gen'l Agents,

182 Broadway, New York.

Ask to see the new FULL-PLATE WATCH bearing the trade mark "AMERICAN WATCH Co., Crescent st., Waltham, Mass." It is by far the best Full-plate Watch made in the United States, and surpasses anything heretofore made in this country for Railway Engineers, Conductors, &c.

We republish to day by request, the article from last Saturday's issue showing the comparative expenditures of the State Government, before and since the incoming of the present administration. This *resume*, compiled from the public records, may be relied on as correct, and we are glad to know it is having its legitimate effect in opening the eyes of the people as to the *causes* of the oppressive taxation laid upon them.

A WORD TO THE COLORED PEOPLE.

We desire to say a few plain words to the colored people of North Carolina, which, if they do not read and profit by, it will be their fault and not ours; we will tell them the truth, and then they can act as they please.

We say to the colored people, what they know themselves, that they are really no better off now, so far as acquiring property is concerned, than they were when they first became free.

When the colored man was a slave, his master could hire him out for one hundred and fifty dollars a year, with hat, shoes, blanket and two suits of clothing; now he cannot get more than one hundred dollars a year and find his own clothes.

When his master hired him out for one hundred and fifty dollars, cotton sold for ten to fifteen cents a pound; now, when he gets one hundred dollars a year, cotton sells for twenty to twenty-five cents a pounds.

Why is this?

The reason is that the men elected to office, mainly by the colored men's votes, have made laws to tax the farmer who owns the land, so high that he cannot afford to pay his laborers as much as their labor is worth, because the taxes he has to pay takes too much of the money he makes on his farm.

Now let us make a little calculation for the last four years. A laboring man who ought to make one hundred and fifty dollars a year, and gets only one hundred, loses, in that way fifty dollars—this in four years, amounts to two hundred dollars. This two hundred dollars would buy him fifty acres of land in many parts of the State, which would be a good home for him and his family.

Again, we will speak of those who live in towns and cities. A colored man rents a room in Raleigh and pays five dollars a month for it, but in old times he could have rented it for three. The reason of this is, that the owner of the room is taxed on it so high, that he is obliged to have more rent.

Again, you could formerly go to the store and buy a coat for six dollars, that you must now pay seven or eight, or more for, because the merchant is taxed so high, he must raise on the price of his goods to meet it.

You could formerly buy a pound of sugar for ten cents that now costs you fifteen, because the Grocer must raise the price in order to meet his tax bill.

The same may be said of everything you buy to eat or wear, the house you live in and the medicine you take when you are sick.

And all this comes out of your sweat and your toil, because, no matter where the tax is collected, whether from the man who owns the house you live in, or the land you work, from the merchant, the grocer, the lawyer, the doctor, the shoemaker, the carpenter, or any one else, it all has to be dug out of the ground at first; the man who holds the plow handles and the hoe handle, must plow and dig it out of the ground.

Therefore the burden of the tax falls on the laboring man, as Mr. Phillips, the Radical candidate for Attorney General, acknowledged in his speech at Tucker Hall.

Now, the laboring men of North Carolina, (and this includes most of the colored voters) have been paying tax enough for the last four years, out of their labor, to buy each of them fifty acres of land, a good farm horse, a new cast plow, a pair of traces, collar, hames and weeding hoe.

Where has all this tax gone to? This is a question we cannot answer in full.—When we look round us, we see a great swarm of officers of all sorts, that we ever had before. We see most of this swarm of officers, building fine houses, driving fine horses, riding in fine carriages, buying fine furniture, smoking high-priced cigars and drinking the best liquors, and we *guess* where some of it is going. Some has been stolen and the thieves are gone; some has been stolen and those who have stolen it have not runaway, but are waiting for you to vote for them next August to give them a chance to get more.

We have stated these few facts, and ask the laboring men of the State to think of them.

The colored men may, by their votes, continue the men in office who have done these things, and thus help to keep the burden on the State, but they may be sure of one thing; when the country is prosperous, they will prosper; when the country suffers, they will suffer. They are a part of the country, and must share its good or its ill fortune.

THE CONSERVATIVE CANDIDATES.

The *Standard* of this morning makes one of its characteristic attacks on the Conservative nominees of this county. We are sure that none of the nominations were made with regard to the *Standard's* approval or disapproval, and we are sure, also, that no delegate in the Conservative Convention *expected* the *Standard* to speak well of the candidates there nominated. We are further sure that everybody expected that paper to "pitch into" the candidates of the Conservative party. It is perfectly natural it should do it.

But what of it? Is the *Standard's* praise an evidence of merit? Then Dawesse, whom it supported so lustily for Congress, has failed to be properly appreciated. Is its censure any evidence of want of merit? If so the world has been very charitable to such men as Govs. Graham, Vance and hundreds of others who have shared its vituperation without stint.

The *Standard*, no doubt, thinks or tries to think, or will pretend to think, that the ticket its party has put in the field is superior in experience, statesmanship, sound judgment and integrity, to that put forth by the Conservatives, and we are not seriously disposed to disturb it in its harmless hallucinations, nor to fall out with its frothy ebullitions of cassonade in its puny efforts to convince others that it really *does* think these things.

We are not alarmed for the reputation of our candidates on account of anything the *Standard* can say about them. They are rather above the reach of its shafts, and the people know them sufficiently well to place a proper appreciation upon them, and upon what the *Standard* may say of them. The only thing that we know of that would be likely to create a suspicion in the public mind against them, would be a eulogy from the *Standard*; from such a fate we hope a kind providence will screen them.

What man that has held a prominent position in North Carolina, within the last twenty years, has not been assailed and abused by the *Standard*? Then be of good courage friends, when the *Standard* assails you; for so it assailed all the good, wise and honest men that were before you.

SIX OSTRICH FEATHERS.

The editor of the *Standard* attempts to account for the expenditure of the $500, to send the Adjutant General to Vermont, "on business for North Carolina," (by the way, isn't it a most singular thing that the expenses of the Adjutant General to Vermont and back, and the freight on the borrowed muskets, should amount to *exactly* $500—we put it to you, now, isn't it?) but he does not say one word about the "six ostrich feathers!"

The State of North Carolina buying six ostrich feathers, paying for them out of the people's money and charging them to contingencies!! That is what puzzles people. Many a poor fellow who had to pay so much tax to this Radical State administration that he couldn't afford to buy even a *turkey feather* to ornament his wife's old bonnet, can't see the point of the State administration, which has no wife, (collectively,) buying ostrich feathers and taking his money to pay for them.

No doubt that "contingencies" had some use for them, but then it is not generally known to those who footed the bill, what that use was, and we think it ought to be explained.

THE RADICALS ON THEIR LAST LEGS.—The New York *Sun* (Rep.) thinks it is pretty much "all up" with the Republican party, and cites in evidence the loss of Oregon, the substitution of a Democratic for a Republican U. S. Senator from that State, and the defeat of the regular Republican candidate for Mayor of Washington, under the very eye of the White House, in the presence of a Republican Congress, and in a city swarming with the beneficiaries of the President. All this, following on the heels of Democratic victories in New York and Connecticut, the *Sun* thinks, President Grant ought to accept as an indication that either his days or those of his party are drawing to a close.

A Connecticut minister has declined an increase of a hundred dollars in his salary, on the ground that it takes all his time to collect what is his due now, and by accepting the increase, he will be obliged to stop preaching, or hire a man to collect.

OUT.—The Pittsburgh *Gazette*, a paper which boasts that it is the oldest Radical journal in Pennsylvania, said the other day:

> The next duty of Republicanism is to *Americanize* the nation which it has liberated. *The Republic is for freemen and for Americans.*

An enterprising Virginia paper refers to three North Carolina Republican candidates for Congress thus: "Hon. *Hale* H. Dockery, *James L. Morris* (Harris) and Mr. *Dash*" (Lash). These Virginia editors are powerful bad on name.

The Late Hon. John H. Bryan.

MEETING OF THE BENCH AND BAR OF THE SUPREME COURT.

On Monday, the 20th inst., upon the adjournment of the Supreme Court, a meeting was held for the purpose of adopting suitable resolutions in relation to the death of Hon. John H. Bryan, late a member of the Bar of the Supreme Court.

There were present, Chief Justice Pearson, and Associate Justices Reade, Rodman, Dick and Settle, B. F. Moore, Esq., Geo. W. Mordecai, Esq., Hon. Wm. H. Battle, John H. Haughton, Esq., Hon. S. P. Hill, Hon. D. M. Barringer, Gen. R. Barringer, Ralph Gorrell, Esq., Gen. W. R. Cox, and Adam Empie, Jas. H. Headen, Jos. B. Batchelor, Kemp P. Battle, Wm. T. Faircloth, Geo. V. Strong, Jas. C. McRae, John W. Hinsdale, Jno. M. Clement, S. W. Isler, W. McL. McKay, John Manning, W. H. Bagley and R. H. Battle, Jr., Esqrs.

The meeting was organized by calling B. F. Moore, Esq., to the Chair and the appointment of R. H. Battle, Jr. Esq., Secretary.

On motion, the Chair appointed a Committee consisting of Geo. W. Mordecai, Esq., Hon. E. G. Reade, Hon. Wm. B. Rodman, Hon. Wm. H. Battle and Ralph Gorrell, Esq., to draft resolutions expressive of the sentiments of the meeting.

Mr. Mordecai, as Chairman, in behalf of the Committee, reported the following:

Since the last term of the Supreme Court our late honored and esteemed friend and associate, John H. Bryan, Esq., for many years a distinguished practitioner at this Bar, has departed this life. Believing it to be meet and proper that we, his surviving and the present members of the Bar, should testify our regard for his memory; therefore,

Resolved, That in the death of Mr. Bryan, we lament the loss of one who, during his long professional career, was distinguished for his uniform and unwavering regard for truth and virtue, and did all in his power to sustain the honor of a profession which he adorned as well by his talent as by his strict integrity and devoted attention to his clients.

Resolved, That we sincerely sympathise with his bereaved family in the severe loss which they have sustained, and beg to assure them of our heartfelt condolence and participation in their grief.

Resolved, That a copy of these resolutions be forwarded, by the Chairman, to the family of the deceased, and that the papers of the city be requested to publish them.

Appropriate and feeling remarks, eulogistic of the deceased, were made by Mr. Mordecai in presenting, and by Hon. W. H. Battle in recording the resolutions, and they were followed in similar remarks by the Chairman and Gen. R. Barringer.

The Resolutions were unanimously adopted; and, on motion, the meeting adjourned.

AN IMBECILE ADMINISTRATION—DISRESPECT OF RADICALS FOR THE PRESIDENT AND HIS CABINET OFFICERS—DEGRADATIONS OF THE PRESIDENTIAL OFFICE.

WASHINGTON, June 16, 1870.

The administration has reached a point at which its imbecility becomes ludicrous. Sneers are by no means confined to its political opponents. Leading Radicals in both Houses openly and continually treat the President and his Cabinet with personal disrespect—and (what is infinitely more galling) with undisguised levity. There is not a single man of the whole Cabinet Council who comes up to the point of mediocrity in statesmanship, or even state craft, except Boutwell—and he is, body and soul, the mere creature of the controlling classes interests at the East. The President (whose utter incapacity for the discharge of the duties of the office he nominally fills is painfully apparent to his best friends) flounders along with whining appeals to those to whom he, in the beginning, surrendered the just powers of the Executive, in the vain hope of stilling open personal attacks. The more he "flounders," the deeper he sinks in the public estimation, and even in that of the Radical faction, as represented in Congress. Not long ago, in the interest of the San Domingo speculators, he waited upon Senators at the Capitol, when he was glaringly snubbed, not a dozen of his own party responding to his general invitation to meet him in "Marble Hall." In a huff, he starts off upon a better-shelter excursion, leaving "his party" at odds and ends. Anon, he returns, "is not to be seen for days except to a few of his Cabinet," and then runs off again, to fish for eels and catfish in the ponds about the rural residence of Simon Cameron, giving thereby fresh grounds for suspicion of complicity in other jobs" Upon his last return, I am told, upon good authority, he "sent for" certain Senators of his own party who peremptorily declined to confer with him at all. The degradation of the Presidential office is complete. Never before has any President sought conference with any one outside of the Presidential Mansion. Never before has a President importuned members of Congress to visit him upon matters pertaining to the condition of party politics and been signally repulsed!

Doubtless the disgust of leading Radicals has been expressed for the reason that the President could not be made to feel the necessity of surrounding himself with men of more brains and more honesty. It seems, however, he could not be made to appreciate the importance, nay, absolute necessity, of giving up the "git enterprise" "line of administration upon which he has been fighting it out "all Summer." It could not, however, but be seen, even by General Grant himself, that there was an unmistakable lack of ordinary common sense among the set he had gathered around him. He all upon the expedient, therefore, of procuring a sort of a Lord Bute. This power behind the throne, "greater than the throne itself," and much greater than all its surroundings, turned out lately to be no other than Caleb Cushing, to the utter astonishment of the whole Congressional Radical faction, and to the downright rebellion of a large portion of it.

I have thus given the true origin of the present row in the House—omitting nothing but the additional report that Cushing is to be backed by Ben. Butler. Telegraphers from this point may say what they please to the contrary, but it is notorious *here* (that is to say in everybody's mouth), that Mr. Cushing is now consulted upon all important administrative matters, as he has been for a long time as to the most ingenious means of ignoring just claims upon the Government of the United States, preferred by long suffering claimants. If he did not write, will it be denied that he dictated the message? Mr. Cushing is famous for expressing surprise at any and everything!

The upshot of this business may—must, it is thought—eventuate in a burst up of the Cabinet. The present "little unpleasantness" about the "Cuban patriots" is as nothing to what, in public opinion, is to come. The whole batch of "subscribers" must be thrown overboard, when (it is facetiously observed) Mr. Fish, especially, will again be consigned to his proper element.

The Wilmington *Journal* learns from a private source that Hon. Jefferson Davis is expected in that city at an early day.

FACTS FOR THE PEOPLE.

COMPARATIVE VIEW OF STATE EXPENSES BEFORE AND SINCE THE INCOMING OF THE PRESENT ADMINISTRATION.

The *Standard* has been engaged recently in trying to cover up the odium of the late Radical Legislature in its extravagant appropriations and dishonest waste of the public money, and to do what John Pool, it seems, was not willing to do, namely, to endorse the financial policy of Gov. Holden's administration.

In endeavoring to accomplish its object the *Standard* attempts to make three points:

1st. That the appropriations and expenditures of the present administration have not been extravagant. Having no confidence, however, in the success of his efforts to make the people believe this, he asserts

2ndly, That the Conservatives and Democrats of the Legislature were responsible for all the extravagance, fraud dishonesty and wasteful expenditure, of the last two years. Not being able to believe this assertion himself, in the face of the fact that the Radicals had full control of the Legislature, as well as all the other departments of the Government of the State, he essays,

3rdly, To prove that the preceding administration laid as heavy, or heavier taxes, and expended as much money as the present. In refutation of this barefaced assertion, we reproduce, as promised, our article on State expenditures for the year 1866-'67, as compared with those for the year 1868 '69, and let the figures from the Treasurer's and Auditor's books answer the *Standard* on this subject, and in order that the contrast may be the more palpable, we place them in parallel columns.

YOUNG, HEALTHY, VIGOROUS AND CONDUCTED BY A WISE, PRUDENT, AND ECONOMICAL BOARD OF DIRECTORS UPON A

NEW SYSTEM,

devised by its talented and distinguished Actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in

MODERATE CIRCUMSTANCES,

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in most cases, *considerably lower than* those of the leading Mutual Cash Companies.

The Excelsior issues Policies on *all* the plans of *Mutual* or *Stock* Companies, extending to policy holders, all th ir really desirable advantages. Its policies being *non-forfeiting*, the insured are privileged to *live and travel where they please* in any healthy part of the world, they participate in its profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender value of policy, *and a privilege* which has never been offered by any other Company, that of converting Policies into

ANNUITY BONDS,

after the payment of 5 or more annual premiums.

☞ Hitherto, I have been restricted in the very popular Company which I had the honor to represent to *Stock rates alone*, which most of the *Medical*, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies, in this State who claimed to possess unusual charms, together with the extraordinary attractions presented by the Excelsior induced me to accept the management of that Company, whose plan combines of the popular features of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or wishes to discontinue because of the death of those for whose benefit the policy was secured, *into an Annuity Bond* which provides an *income in cash through life, or for a series of years as preferred.*

Circulars giving full explanations and any other information, will be cheerfully furnished

The most liberal arrangements, will be made with first class solicitors, to push the EXCELSIOR forward in the Old North State, to that position which her low rates and most ample security entitle her to occupy.

CITY AND STATE ITEMS.

TUESDAY, JUNE 21, 1870.

JOHN HUNT, N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

SPEAKING AT DURHAMS.

We are requested to announce that Hons. S. H. Rogers and R. B. Gilliam, the Conservative candidates for Congress for this District, will address the citizens of Orange, at Durhams, on Saturday the 16th of July next. Everybody is invited to attend.

Be sure to read the new advertisements.

KIRK.—We mentioned yesterday the rumor that the notorious Col. Kirk, who, we believe, is a citizen of Tennessee, had offered his services to Governor Holden, to take charge of his new State troops, and that the proposition was favorably considered. We doubted the truth of the rumor, but, as we see the name of Kirk registered at one of the Hotels of the city, we may have been premature in the expression of the doubt.

It is rumored that Parson Sinclair and O. H. Blocker have fought a duel, and that Blocker was killed and Sinclair badly wounded.

We agree with the Wilmington *Journal*, the news is too good to be true.

TRIAL OF GEN. BENNETT.—The trial of this individual, formerly connected with the internal revenue service in this State, before the United States Circuit Court, now in session here, under charges of corruption and malfeasance in office, has been progressing several days. The examination of witnesses will close to-day, and to-morrow the arguments of counsel will begin.

U. S. District Attorney, Starbuck, is assisted in the prosecution by Judge Merrimon, and the defense is conducted by Messrs. Bragg and Fowle & Badger.

The number of witnesses examined is very great, and the amount of testimony voluminous, so much so that we found it impossible to report it in full. Now that the evidence on both sides is closed we shall give a condensed report embracing the main points elucidated during the trial.

The examination has developed a rich mine of fraud and corruption which, for extent and variety is hardly paralleled by the Railroad "Ring" transactions of the last two years.

STILL IMPROVING.—Yesterday afternoon we strolled into a part of the city that we had not visited before for many months—that part along the northern extension of Salisbury street, north of the R. & G. Railroad office.

There is a good deal of business done in that neighborhood; Mr. E. B. Thomas, Mr. Womble, and Messrs. Pool and Uzzle, have each well filled stores, mostly in the family grocery line. The latter, (Messrs. Pool and Uzzle) on the lot formerly owned by Mr. Albert Johnston, have erected several new buildings, fronting on Salisbury street and on an alley running from that street to the Railroad. These improvements have entirely changed the appearance of the locality and given a bright and lively aspect to the neighborhood.

Just opposite Messrs. Pool and Uzzle's improvements, on the North side of the alley is the new colored Baptist Church, making the second colored Baptist Church erected in the city since the war.

We are glad to witness these evidences of progress in our city, in which there seems to be no stagnation but a gradual increase.

The Conservatives of New Hanover county held a meeting at Masonic Hall, in Wilmington on Saturday last and appointed a number of delegates to the District Convention which assembles at Fayetteville on Thursday June 23rd.

A colored man named Robert Thomas, was robbed in Wilmington on last Thursday of $185.

That old Pharisee, Rev. James Blythe, has been re-nominated by the Radicals for the Senate, in the District composed of the counties of Henderson, Buncombe and Transylvania.

Bishop Atkinson will lecture in Goldsboro' on Wednesday evening.

The Wilmingtonians say they are bound to have a Sea Side Railroad in order that passengers may be taken down to the Sound in 30 minutes.

Gen. J. R. Stubbs has been re elected President, and Gen. W. G. Lewis re-appointed Chief Engineer and Superintendent of the Williamston and Tarboro' R. R.

On Saturday evening last as a wagon belonging to Mr. Isaac Frazier was crossing McRee's creek, about two miles and a half from Charlotte, one of the mules attached to the team and a negro man were drowned.

The Conservatives of Craven assembled in Convention in Newbern on Monday, and nominated Jno. S. Brinson, Cicero Green, H. C. Whitehurst and S. W. Latham, for the House of Representatives.

A man by the name of Jno. Pearsall made a most cowardly and brutal assault upon a mere youth by the name of Chas. Sylvester, last Thursday night in Goldsboro'.

POLICE! POLICE!! POLICE!!! Go through Western Ward and make certain citizens clean their back yards. The stench is abominable.

During choir practice at the colored Church in Washington, N. C., on Friday night last, two brethren engaged in a fist scuff about the right to occupy a certain pew. The saxton is endeavoring to restore harmony was somewhat mauled by the belligerents.

TRINITY COLLEGE COMMENCEMENT.—We have failed of our expected report of the Trinity College Commencement exercises, in the meantime we make the following extract from a short notice of the proceedings in the *Episcopal Methodist* of this week:

Rev. J. H. Dally, of this city, preached the annual sermon on Wednesday at 11 o'clock, A. M. His text was taken from 1st Cor. 3d chap., 11th verse, "For other foundation can no man lay than that is laid, which is Jesus Christ." The sermon was an able and systematic discussion of the doctrines of the text. It abounded in rich thoughts, and the eloquent preacher presented the truth with the fervid zeal of an ambassador of Christ.

The annual Literary Address before the Societies, was delivered at 3 o'clock P. M. by Maj. Seaton Gales, of this city, whose popularity as a speaker has won for him a position among the first orators of the country. His address on this occasion fully sustained that reputation, and was universally admired by the large and intelligent audience in attendance.

* * * * * * * * *

Maj. Seaton Gales was unexpectedly called upon to present the medals to the graduating class, which he did in his finest style, making one of the happiest impromptu speeches of his life.

Francis Rollins, a deserter from Fort Macon was arrested in Newbern on Monday.

The young men of Newbern have formed a young men's Conservative Club.

Good for Newbern.

An attempt was made to rob General Robert Ransom's residence in Wilmington, on Friday night last.

FOR THE PLAIN LADIES.—In the list of premiums offered for the June exhibition of the Cobb County Agricultural Society, we find the following:

"Mr. George Sharpe, jeweller of Atlanta, Georgia, offers the following, to be awarded at the annual fair:

"Silver pitcher, waiter and goblets, valued at $50, to the plainest and neatest dressed lady, introducing a style for Georgia ignoring present fashions. Said premium to be awarded on the first day of the annual fair of Cobb county, held in 1870, and confined exclusively to ladies of Cobb county. Mr. Sharpe offered this special premium, believing that present fashions do not conduce to the health, style or beauty of those we love most."

The New York *Sun*, the ablest Republican paper in Gotham, and perhaps more widely circulated, continues to "blister" the President. In its issue of Friday we find the following:

"President Grant's excuse for not knowing more about foreign relations is that it takes up too much of his time to attend to his home relations."

"The idea is exploded that any Cuban bonds were ever put out conditioned on the recognition of Cuban belligerency. Everybody knows that if any such had been offered, General Grant would have been on the Cuban side."

Brown's Bronchial Troches clear and give strength to the voice of Singers, and are indispensable to Public Speakers.

"I recommend their use to Public Speakers," REV. E. H. CHAPIN.

"They have suited my case exactly, relieving my throat, and clearing the voice so that I could sing with ease." T. DUCHARME, Chorister French Parish Church, Montreal.

The Living Machine.

Injure the main spring of a watch, and every portion of the works becomes disordered. The human stomach is to the human system what that elastic piece of metal is to a chronometer. It influences the action of the other organs, and controls, to a certain extent, the whole living machine. The comparison may be carried further, for as the weakness or other imperfections of the main spring is indicated on the face of the time-piece, so also is the weakness or other disorder of the stomach betrayed by the face of the invalid. The complexion is sallow or faded, the eyes are deficient in lustre and intelligence, and there is a worn, anxious expression in the whole countenance which tell as plainly as written words could do, that the *great nourishing* organ whose office it is to minister to the wants of th body, and to sustain and renew all its parts, is not performing its duty. It requires renovating and regulating and to accomplish this end Hostetter's Stomach Bitters may be truly said to be *the one thing needful.* The broken main spring of a watch may be replaced by a new one, but the stomach can only be repaired and strengthened, and this is one of the objects of the famous vegetable restorative which for eighteen years has been waging a successful contest with dyspepsia in all climates. As a specific for indigestion it stands alone. When the resources of the pharmacopœia have been exhausted, without, at best, doing more than mitigating the complaint, a course of this wholesome and palatable, yet powerful, stomachic effects a perfect and permanent cure. In all cases of dyspepsia the liver is more or less disordered, and upon this important gland, as well as upon the stomach and bowels, the Bitters act with singular distinctness, regulating and reinvigorating every secretive and assimilating organ on which bodily and mental health depend.

WASHINGTON.

WASHINGTON, June 2 —Revenue $1,250,000. Belknap and Porter have returned from West Point.

The Senate Committee on Foreign Relations are not unanimous on the House Cuban bill.

SENATE.—Sumner presented a memorial of a former slave living at Warrenton, Va., asking compensation for his horses and stock taken by the d'sb of the Union army.

Pratt said that the Committee on Claims had given a great deal of time to the consideration of this class of claims, and he hoped the Senate would at an early day take up one of these cases, in order that the Committee might know whether it was necessary to spend any more time upon such cases.

The Banking privilege question was discussed up to adjournment.

HOUSE.—The fortification bill appropriates $1,250,000. The South gate nothing. A long debate ensued on the merits of different systems of fortification. The bill passed.

The army bill appropriating nearly $20,000,000 passed.

The bill requiring National Banks going into liquidation to retire their notes, passed.

The bill passed by the House removing taxation was rejected in the Senate to-day with many amendments.

The section referring to various special taxes including Bankers, rectifiers, tobacconists, lotteries, &c., and in lieu provides for the repeal of all special taxes after May 1st 1871, with the exception of the special tax on brewers, distillers and tobacconists; it also repeals after October, taxes on sales imposed by present laws, except on tobacco, sprits, cigars and wines. It also repeals taxes on legacies and success ions. All stamp laws are left as at present except that stamps on promissory notes, receipts for any amount and on canned and preserved fish are repealed. The income clause is amended to exempt a annual income from

POUGHKEEPSIE, June 20.—A small boat containing two ladies and two gentlemen, was struck by an unknown propeller of Milton at 2 o'clock this morning and swamped in strong. Two ladies and one gentleman were drowned. The propeller did not stop.

Tuesday Evening Dispatches.

WASHINGTON.

WASHINGTON, June 21.—Butler, President and Treasurer of the National soldiers' and sailor's Orphan Home, for which he has drawn large sums, is in the hands of an investigating committee, consisting of Nagley, Sheam and Broughton. Butler made a statement which the Committee will corroborate by sending for persons and papers, the statement not being plausible in all respects.

The Senate last night amended the Pacific R. R. bill by making the Alabama and Chattanooga R. R. and Branches a part of said road. Whether further action the bill was laid aside. It is apprehended that this amendment will be fatal to the bill as it concentrates the opposition of friends of Roads converging from the initial point far west of Chattanooga.

The House Reconstruction Committee reported a bill for a full and general amnesty, and obliviation of certain wrongful acts, doings and omissions connected with the late war. It excludes persons educated at West Point or Annapolis, members of Congress before the war, heads of Executive Departments, Judges of Federal Courts or Foreign Ministers before the war, signers of the ordinance of secession, Governors of states during the war, persons who treated true by Federal prisoners, persons who held Federal power and property at the commencement of the war and have not made restitution and all deserters from the Federal army or navy.

The bill was ordered to be printed and recommitted.

The case of Whittemore claiming a seat as member from South Carolina is up.

Logan is speaking to a resolution that he is unworthy of a seat.

Butler will reply.

The proceedings attract a large crowd.

SENATE.—The senate is discussing the Pennsylvania avenue paving bill.

At Nebraska, Miss., a Sunday School teacher asked a nice little boy if he had learned anything the past week, and was stunned by the answer from the boy that he had learned "never to trump his partner's ace." The boy was ordered up, and the teacher played it alone, by taking him across his knee and using a piece of pine shingle.

GENERAL AGENTS,

CHARLOTTE N. C.

THE EQUITABLE

HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (sum assured), for the year 1869, exceeded that of the second company in rank by more than THIRTEEN MILLION DOLLARS.

In 1859 it was the 9th Company in new business for the year; in 1861 it was the 8th; in 1863 and 1865 the 7th; in 1864 and 1865 the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" after THEY HAVE BEGUN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid in dividends at the end of one year, and each year thereafter, equals FOUR HUNDRED AND THIRTY SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

SWEET QUININE

Is a Recent Improvement.

Replaces the use of the BITTER SULPHATE QUININE with which all are familiar.

Does the same, it is

WARRANTED

Fully equal in every way to Bitter Quinine,

AND, LIKE IT, IS THE ONE

Great, Positive, and Unfailing

CURE

For all Diseases of Malarious Origin.

Fever and Ague,
Intermittent Fever,
Chill Fever,
Remittent Fever,
Bilious Fever,
Dumb Ague,

and the long train of disorders following these when neglected.

SWEET QUININE

is made solely from **Peruvian Bark** (as is Bitter Quinine), therefore is of Vegetable origin, and not a Mineral poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE

acts as an antidote to, as well as a cure for, **malarial or miasmatic poison**, the absorption of which by the lungs causes Intermittent Fevers, etc. The only advantage claimed for

SWEET QUININE

over the use of old Bitter Quinine is the entire absence of that intense, persistent bitterness, which in the latter is an insurmountable obstacle to its use with most persons, and always with children.

SWEET QUININE

is in two forms—in POWDER, for the use of Physicians and Druggists, and FLUID, for use in the family and for the general public.

Medal Awarded by the Paris Exposition, 1867.

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the *Highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work,

Place it unquestionably far in advance of any other similar invention

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch, or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparitively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Mrs TOMPKINS' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

Protected by Copy right for 28 years from May 5th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurous to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

ROCKBRIDGE ALUM SPRINGS, VA.

Open May 15th, 1870.

THIS FAVORITE AND CELEBRATED Watering Place is now in complete order for the reception of guests. Important improvements have been added to the buildings since the establishment passed into the hands of the present proprietor, and it is his purpose to keep it in a style not surpassed anywhere in Virginia. The waters of these special springs either cure or greatly relieve most cases of Scrofula, Incipient Consumption, Chronic Bronchitis, Chronic Laryngitis, Chronic Pneumonia, Chronic Dyspepsia, Chronic Diarrhœa, Dysentery. They are also a great value in those affections which are peculiar to the female constitution, and as an appetizer, a tonic and general restorative, they are, perhaps, unrivalled amongst mineral waters. The proprietor will have provided for the lawns and ballroom a first-class band of music, and in general all the sources of amusement and recreation usually found at our best spotted resorts will be at the command of the guests at "ROCKBRIDGE ALUM." The place is within eleven to thirteen hours of Richmond, Washington, Baltimore, &c., by rail, all in daylight. Passengers leave the cars of the Chesapeake and Ohio Railroad at Goshen Depot, and new and elegant stage coaches, passing rapidly over a smooth and level road of only eight miles, set down the visitors at the Springs to tea.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skil and care in the selection of risks,*—upon which elements of administration the security of a Life Insurance Corporation depends.

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important SAFEGUARD. It will be found in the BROOKLYN LIFE.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."
